The Principal facilitated the gathering along with the DP, MYP, and PYP teachers who abided by the essential agreements and were willing to grow, see things in new ways and open to change. The teachers gathered for a continuum vertical and horizontal mapping of the curriculum for the upcoming Academic year 2019-2020, to update the topics according to the strands for the subjects Mathematics, Science, Social studies, English, Additional Language, Visual arts and PSPE (personal, social and physical education). The meeting was fruitful and the updates of the subject topics were noted with relevance to the grades achieved.

MYP E Assessment – 14th May 2019

The students of MYP 5 appeared for their E Assessment on the 14th May 2019. The students and teachers both were eager and excited to prove their ability in the exam. We have no doubt that our talented students would secure a great score and pass out with flying colours.
